HEALTH AND SAFETY PROCEDURES

The personal health and safety of our constituents is our number priority at the Center. We want to do everything possible for you to feel confident and comfortable returning to participate in our programs. For your safety we have completely cleaned, sanitized and/or repainted the walls on the first and second floors. We are also implementing the following health and safety procedures to better ensure your safety.

HAND SANITIZING

- Hand sanitizing stations will be placed at the entrances of the building.
- Touchless hand soap dispensers will be placed in restrooms.

FACILITY CLEANING

- Daily cleaning and maintenance of the building will continue.
- Weekly sanitizing of the entire facility will be scheduled.
- Frequent sanitizing of doorknobs, handles, faucets, toilet handles and other highly used and heavily touched areas.
- Daily sanitizing of program and sports equipment (prior to/after usage).
- Cleaning and maintenance schedule of the restrooms will be posted.

PERSONAL SAFETY

- Face masks will be required to enter and while inside the building.
- Social distancing and interaction protocols will be posted and instituted.
- Face masks, face shields, personal hand sanitizer and latex gloves will be provided upon request.
- Daily temperature checks will be taken of all the staff, instructors and any program participant(s) exhibiting flu-like or respiratory symptoms.
- Training for employees and instructors on our health and safety policies and procedures will be provided.
- A clear partition at the reception desk will be installed.

Please note, this document may be periodically updated in order to ensure the most current practices are in place and we continue to follow the guidelines provided by city, state and Federal - Operational Safety Health Administration (OSHA) and Center for Disease Control and Prevention (CDC) health and safety guidelines.
